

Heron Cross Primary School - Art 2024-2025

Intent:

At Heron Cross Primary School, we are committed to fostering a deep passion for the arts through an inclusive and enriching art curriculum.

Our intent is to provide every pupil with the opportunity to explore their creativity, express themselves, and develop critical thinking skills through art.

We aim to:

- Ensure every pupil has access to high-quality art education that nurtures their artistic talents and personal expression, fostering confidence in their abilities through self and peer evaluations. By reflecting on their own work and that of others, pupils gain valuable insights and develop a critical understanding of art.
- Develop key skills such as observation, creativity, and perseverance through engaging and meaningful art experiences. As pupils refine their techniques, they learn to take pride in their efforts and progress, mirroring the craftsmanship traditions of our local area.
- Inspire a love for the arts and an appreciation of cultural heritage, with a special focus on the artistic traditions of Stoke-on-Trent. By learning about the city's iconic role in pottery and ceramics, pupils can connect to their local history and appreciate the evolution of art across time and cultures.
