

SMSC Subject Statement

Subject: MFL

Spiritual

- MFL encourages curiosity, creativity and a sense of wonder as pupils explore new sounds, words and ways of expressing ideas. Learning another language helps children reflect on their own identity and the wider world.

Moral

- Through comparing customs and traditions from different countries, pupils develop respect, fairness and understanding. MFL encourages an appreciation of the values and behaviours that underpin different cultures.

Social

- MFL builds communication and cooperation skills. Paired activities, role-play and conversations help children develop confidence, teamwork and the ability to listen and respond respectfully to others.

Cultural

- Pupils explore the traditions, festivals, foods and everyday life of countries where the Spanish is spoken. This fosters cultural awareness, broadens their perspectives and encourages pride in being part of a diverse world.
